

Important information for teams out of Ting Park.

Please review this information on how to schedule your Ting Park makeup matches:

- WWTA generates the league schedules and forwards them to Holly Springs
- Captains will get an invoice and pay for courts booked for home matches (\$6/hr for two hours per court for USTA matches). There is a 30-minute buffer on the end of your match time.
- You will get temporary credits on your tennis account based on the number of home matches you have:
 - 3-4 = 2 match credits
 - 5-6 = 3 match credits
- When your match is rained out, you “lose” the courts you had, but you have credits to book your make up courts. It will be important to book only confirmed make up courts. If you book a makeup court that is not rained out, but the players decide not to play, you also lose that court.
- WWTA keeps a rain calendar, and should you have repeated rainouts (keep track of your double rain outs), we will discuss with Ting Park management the possibility of adding more credits to your account.
- Credits expire roughly 4 weeks after the season is over and are not refunded (but you didn't pay for the credits so this is not money out of your pocket).
- Courts can be booked up to one week in advance
- Here is the link to book your court(s) -
